## ORLANDO INTERNATIONAL AIRPORT V-846, V-847, V-848, and V-849 Specialty Flooring Ticket Lobby Modification Program

These projects welcome travelers after check-in on their way to the terminals. Thin-set epoxy specialty terrazzo was applied over a four-month period each to a different design and using a different color palette.

- Wellness Garden, installed on Level 3, A-Side, West
- Fun Garden, installed on Level 3, B-Side, West
- Tech Garden, installed on Level 3, A-Side, East
- Space Garden, installed on Level 3, B-Side, East

The Specialty Flooring project began in August 2017 and was completed over a 10 month period.
